ASX RELEASE

EXPERIENCED CHIEF TECHNICAL OFFICER APPOINTED

- **Experienced technical appointment bolsters Marquee geological team**
- **Dr James Warren appointed as Chief Technical Officer (CTO)**
- **Marquee to embark on a targeted exploration program at West Spargoville Project this quarter**

Marquee Resources Limited (“Marquee” or “the Company”) (ASX:MQR) is pleased to announce the appointment of James Warren as Chief Technical Officer (“CTO”). Dr Warren adds significant internal capabilities and will lead the upcoming exploration program at the West Spargoville Project, in which the Company has recently acquired an option over (refer ASX Release on 7 July 2020). Dr Warren will officially commence his employment at the Company on 5 October 2020.

This appointment bolsters Marquee’s geological team, ahead of a maiden targeted exploration program at the West Spargoville Project, as well as the progression of Marquee’s other assets. Marquee has also shortlisted a number of high caliber drilling contractors for the upcoming drilling campaign at the West Spargoville Project and it is anticipated that an appointment and exploration plan will be released in the near future.

Dr James Warren (PhD Geol, BSc Min Geos (Hons), MAIG)

Dr Warren is a geologist with extensive experience in the mineral resource sector and has held a variety of technical, operational and leadership roles spanning greenfield target generation to production. James started his career in the Eastern Goldfields working at Gold Fields’ St Ives operation in exploration and underground positions. Following this, James completed his PhD, focusing on the Kunanalling and Zulieka shear zones, while working for Phoenix Gold Ltd and was a key member of the exploration team prior to Phoenix Gold’s eventual takeover by Evolution Mining. After spending a brief period in the Mineral and Hydrothermal Geochemistry team at CSIRO, James was appointed as Exploration Manager at Echo Resources Ltd (“Echo”). At Echo, James oversaw the aggressive exploration strategy and growth of Echo’s resource base to over 1.8Moz, and was involved in corporate strategy development and promotion. The \$240m takeover of Echo by Northern Star Resources Ltd capped an exciting period of success for Echo. For the past two years, James has been working at private enterprise Tali Resources Pty Ltd where he has been instrumental in generating original geological frameworks and driving project acquisition, while overseeing exploration and company promotion.

Executive Chairman Comment:

Marquee Executive Chairman, Mr Charles Thomas, commented: “We are pleased to welcome James to the Marquee team. James has extensive geological experience and comes highly regarded, so for Marquee to attract someone of this caliber and who also has local on-ground knowledge of the West Spargoville Project is a significant coup.”

“James’s appointment will allow us to unravel West Spargoville’s geological architecture in great detail and we are pleased to have ticked this important box of bringing a highly qualified geologist on board before we embark on an aggressive exploration program at the Project.”

Authorised for release by the Board of Marquee Resources Limited.
